

## **Rokmaster Commences Exploration at Duncan**

**TSXV: RKR**  
**OTC Pink: RKMSF**  
**FSE: 1RR**

VANCOUVER, July 11, 2018 /CNW/ - Rokmaster Resources Corp. (the "Company") is pleased to announce that personnel have been mobilized to the Duncan Lake Zinc Project. Initial work will focus on soil sampling, prospecting, rock sampling, and mapping a large +16 square kilometre area of the Duncan Anticline located north-northwest of Zones No. 1 and 2. This area has seen little historical prospecting and no mapping, and represents a high priority target for the occurrence of near surface lead-zinc mineralisation proximal to the anticline crest along the five kilometres of strike length.

Camp rehabilitation and drill pad construction at the primary drill target locations is also being carried out in tandem at the northern Jubilee Point area, 15 kilometres to the north-northwest.

### **About Rokmaster Resources Corp.**

Rokmaster is a Vancouver-based mineral exploration company with 100% ownership of the Duncan Lake zinc-lead-silver Project in the prospective Kootenay Region of British Columbia, Canada. For additional information on the Company and its properties, please visit the Company's website [www.rokmaster.com](http://www.rokmaster.com) or call (604) 632-9602.

### **CAUTIONARY NOTE REGARDING FORWARD LOOKING STATEMENTS:**

This news release may contain forward-looking information within the meaning of applicable securities laws ("forward-looking statements"). Forward-looking statements are statements that are not historical facts and are generally, but not always, identified by the words "expects," "plans," "anticipates," "believes," "intends," "estimates," "projects," "potential" and similar expressions, or that events or conditions "will," "would," "may," "could" or "should" occur. Information inferred from the interpretation of drilling results may also be deemed to be forward-looking statements, as it constitutes a prediction of what might be found to be present when and if a project is actually developed. These forward-looking statements are subject to a variety of risks and uncertainties which could cause actual events or results to differ materially from those reflected in the forward-looking statements, including, without limitation: risks related to fluctuations in metal prices; uncertainties related to raising sufficient financing to fund the planned work in a timely manner and on acceptable terms; changes in planned work resulting from weather, logistical, technical or other factors; the possibility that results of work will not fulfill expectations and realize the perceived potential of the Company's properties; risk of accidents, equipment breakdowns and labour disputes or other unanticipated difficulties or interruptions; the possibility of cost overruns or unanticipated expenses in the work program; the risk of environmental contamination or damage resulting from Rokmaster's operations and other risks and uncertainties. Any forward-looking statement speaks only as of the date it is made and, except as may be required by applicable securities laws, the Company disclaims any intent or obligation to update any forward-looking statement, whether as a result of new information, future events or results or otherwise.
