CAUTIONARY NOTE REGARDING FORWARD LOOKING STATEMENTS:

This news release may contain forward-looking information within the meaning of applicable securities laws (“forward-looking statements”). All statements herein, other than statements of historical fact, including but not limited to statements in respect of the potential for the transaction to acquire the Flotation Plant to generate positive cash flow to help fund continued expansion, exploration and development of the Company’s projects, are forward looking-statements. Forward-looking statements address future events and conditions and therefore involve inherent risks and uncertainties. Actual results may differ materially from those currently anticipated in such statements as a result of various factors, including, but not limited to, the availability of financing to permit the Company to exercise the Option; the possibility that future exploration, development or mining results will not be consistent with the Companies expectations; metal price fluctuations; environmental and regulatory requirements; the inherent uncertainty of production and cost estimates and the potential for unexpected costs and expenses; and currency fluctuations. Any forward-looking statement speaks only as of the date it is made and, except as may be required by applicable securities laws, the Company disclaims any intent or obligation to update any forward-looking statement, whether as a result of new information, future events or results or otherwise.
